November 2019

Dear Community Member,

You can help change the perspective that people with disabilities are incapable. We are hosting our annual fundraiser at the Brae Burn Country Club, April 2nd, 2020 – and are hoping you will help sponsor the event.

It’s been 10 years since I co-founded the Boston-based non-profit Waypoint Adventure where we challenge people with disabilities to discover their purpose, talents, and strengths through the transforming power of adventure. I’ve seen the destructive stigma around disability start to improve, but there’s more work to be done! Help us change perspectives and increase impact!

1 in 5 people have some sort of disability making them the world’s largest minority. Unfortunately, these friends and neighbors are often faced with feelings of isolation and low expectations, resulting in stagnation, high unemployment rates, adverse health, and poverty. Through our adventures like kayaking, rock climbing, high ropes, mountain climbing, and more, people are growing in confidence and self-esteem.

Waypoint Adventure is smashing the perception that disability is the same as “inability.” Our programs are a place where people with disabilities, their families, and communities are coming together to challenge the status quo and gain the confidence needed to move their lives forward in big ways.

We can’t do this without your help! It’s expensive to live with a disability. 80% of the cost of our programs is funded through private donations. We served 1,000 youth and adults last year, but there are many more families and individuals who haven’t yet experienced these opportunities.

This event on April 2nd brings in 15% of our annual operating budget, over 2000 people from all over the state are invited and is our way to celebrate our mission with the community. With your help we’ll be able to empower more people to discover that they can live life to the fullest. Will you please consider sponsoring this event at one of our sponsorship levels?

Thank you for your consideration. We’re a 501(c)3 and donations are tax deductible.

Sincerely,

Dan Minnich
